

Mueller® Tank Heads

Mueller® Tank Heads Delivered On Time

Stainless steel fabricators across the nation depend on our tank heads when fabricating their equipment. With Mueller products, you can be assured of close tolerances and excellence in cutting, welding, forming, and polishing. Our heads may be formed from any material that can be cold formed. We can form them from material in our stock or we can use material supplied by you.

Typical Cold-Formed Materials Include:

- Type 300 and 400 series stainless steel
- Hastelloy® C-276, B-2, and G-22
- Allegheny® - AL-6XN®
- Alloy 2205
- Carpenter® No. 20
- Carbon steel
- Inconel® Alloy 600
- Inconel® Alloy 625
- Incoloy®
- Monel® Alloy 400
- Nickel 200
- 254 SMO®

MUELLER®
COMPONENT PRODUCTS
